It is the one kind of activity that the employee should follow while starting the business.

10. Public accountability:-

He should have all the information regarding a person because if accountability is maintained he can look after into those books.

11. Functions of business ethics.

1. Accountability:-

He should maintain the necessary ledger accounts with him because if anything details regarding person he can go through that information and solve the problem so the accountability should be maintained by the manager of that company.

2. Communication:-

The employee should know how to communicate with each other because communication is needed every where in the business first thing of the employee is to communicate.

3. Policy and procedure:-

The company should follow a set of rules and policy has to be taken regarding the actions because so that he can go according to the solution another will the employees will miss use those things and destroy everything they should have a limit on those things.

4. Social responsibility:-

Manager should take the responsibility and he should know how to handle a particular situation. For this he should have all the social kind of values so he can take a better a good decision.

5. Ethical principles:-

1. Honesty:-

The employee should be honest to particular work because he has to maintain a good relationship among the employees he should be very honest.

and he should know how to handle a particular as a
employee should be present in the compass every
day that is called the honesty of the employee

2. Respect and concern:-

The manager should be concerned about the
employee and the employee should show the respect
towards the manager. Showing the respect is not
bad thing we should respect each and every person
for his hard working & for a particular work
he is doing

3. Fairness:-

The company should give all the kinds of the
opportunity to the employee because of his hard working
and what work he is doing all should be shield by
the manager. He should be very caring to the
employees

4. Leadership:-

The manager should be capable to handle his
duty which was assigned to him. Leadership is
not the easiest task he should have the will
power to handle a particular situation. He should
have the respect to the next person

5. Loyalty:-

He should be very polite and he do all his
work he should not keep pending anything this
leads and makes him a successful person in the
society he should work for the betterment of
the company

III 8. Sources of ethics:-

1. Childhood upbringing:-

The child should grow very fast and they
should have the capacity of taking into the higher
position all should be handled by the single
person so that it will go on easily and safely
manager should look after those matters

2. Government rules and regulation:-

The rules and regulation should be followed by the company while running the business he should have follow the rules of the company
