Institutional Environment Management Policy

1. **Purpose:** To Maintain Eco-friendly campus.
2. **Scope:** This policy is applicable to the staff, students and visitors of the Padua Educational Institutions, encompassing all the activities conducted in the premises.
3. **Policy statement:** The Padua Educational Institutions acknowledge the importance of Eco-friendly campus in order to protect the environment, use the available resources in a sustainable and responsible manner.
4. **Important Terms:**
Water Management, Waste Management, Energy Management, Solid Waste Management, Liquid Waste Management, E-Waste Management
5. **Water Management Policy**
The faculties and students will have following responsibilities to comply with the Institutional Water Management Policy:
 - 5.1 Consume water from the water purifiers installed on each floor and in the sports building
 - 5.2 Should not waste water in the washrooms and washbasins.
 - 5.3 Close all the taps that are running.
 - 5.4 Use water sparingly after sports and games while washing hands and feet.
 - 5.5 Report any water leaks to the maintenance officer or to the Principal.
 - 5.6 Comply with any institutional policy regarding water management
 - 5.7 Instead of buying water bottles, use the same bottle or flask to fill in the water. So that production of plastic bottle waste is reduced.
 - 5.8 While going home if you want to empty your bottles, kindly pour water to the flower plants.
 - 5.9 Maintenance staff must keep an eye on wastage and leakage of water.
 - 5.10 Ensure that the staff, students and visitors are aware of this policy.
 - 5.11 Educate and remind students regarding the importance of water – through Awareness programmes.
 - 5.12 Maintain functional rainwater harvesting unit.

6. Waste Management Policy

- 6.1.1 The faculties and students will have following responsibilities to comply with Institutional Waste Management Policy.
- 6.1.2 The institutional waste management policy is based on FOUR 'R' philosophies, namely

- Reduce

Green Campus Initiative

Green Campus Initiative

Padua College of Commerce and Management is a 10 years old Institution which is an offshoot of 75 years old educational institution called Padua High School. Though a New Institution, it has never lagged behind in its green campus initiative for the conservation of environment. Some of the Green Campus Initiative of the Padua College of Commerce and Management are as follows:

1. LED Bulbs, Tubes and Lights

- 1.1 All the Corridors of the college are installed with LED Bulbs.
- 1.2 Though, initially, the Whole Campus was installed with Fluorescent Tube lights. Now there is gradual changing over to LED Bulbs.
- 1.3 In order to illumine the campus during night, it is installed with 5 Amp Lights.

2. Segregation of Waste

- 2.1 The waste that is produced in the campus is segregated into three categories- Dry, Wet and Plastic. Every class room has containers for the same.
- 2.2 Waste so segregated is given to Mangalore City Corporation, which also follows the Waste Segregation Policy

3. Plastic- Free Campus

- 3.1 The College through the Eco-Club prepares the Eco-Bricks.
- 3.2 Evaluating the occasion, the college welcomes the guests of various programmes with books and flower pots.

4. Restricted Entry to Automobiles

- 4.1 Students are not allowed to bring Four Wheeler to the Campus. It is clearly marked in the prospectors rule No 19.
- 4.2 The parking area of the campus is marked as No-horn- area.

5. Landscape with Trees and plants

- 5.1 The College has 1.9.3. Acres of land, which is intatched which help for the peculationof water.

Ref. :

Date :

5.2 The College Campus has 6 numbers of Almonds Trees which provide campus shade and give green facade to the college.

5.3 The green skirting of garden in front of the building is soothing to the eyes.

5.4 The college has 6 acres of sports ground which has various types of trees and plants. These trees are named with their Zoological and local names.

6. Rain water harvesting

6.1 The College has constructed the 6x6 feet Rain Water Harvesting unit, which collects the rain water of the whole sports building which gets purified and percolates into the earth.

7. Sewage System

7.1 Earlier sewage systems of the institution was connected to the sewage pit. But in the year 2019, the institution has invested huge money to connect the college sewage system to the Municipality Drainage System.

The earlier sewage pit of the College is filled with stone grovels and is converted into a rain water harvesting.

8. Wealth-out-of waste:

The college conducts wealth -out -waste competition, and Flower India completion in order to create ecological awareness among the students. Because of this competition, students are able to bring out their creativity and love for environment.

9. Vanamahostva

The College celebrates Vanamahotsa on a ground scale. It not only plants sapling but also distributes saplings. Students who take saplings home are to plant them, click a selfie and send to the N.S.S Coordinator. The Student also have to click a selfi with the same plant next year and send a photo to N.S.S. officer.
